### Values

#### *Compassion*

We treat our customers and their families, staff and other healthcare providers as family members by showing them kindness, patience, empathy and respect.

#### *Diversity*

We recognize that every person is different, each shaped by unique life experiences. This enables us to better understand one another and our customers.

#### *Personal Excellence*

We strive to grow personally and professionally, and we approach each service opportunity with a positive, flexible attitude. Honesty and personal integrity guide all that we do.

#### *Teamwork*

The needs and expectations of any one customer are greater than that which one person's service efforts can satisfy. We support each other so that, together as a team, we can be successful in the eye of the customer as a quality service provider

1. Practice with a Questioning Attitude
2. Communicate Clearly
3. Know and Comply with Red Rules
4. Self-Check: Focus on Task
5. Support Each Other

**Ask Me 3?** (If a patient ask you the below questions would you know how to answer?)

- What is my main problem?
- What do I need to do?
- Why is it important for me to do this?
