Mission

Novant Health exists to improve the health of communities, one person at a time.

Vision

We, the employees of Novant and our physician partners, will deliver the most remarkable patient experience, in every dimension, every time.

Values

Compassion

We treat our customers and their families, staff and other healthcare providers as family members by showing them kindness, patience, empathy and respect.

Diversity

We recognize that every person is different, each shaped by unique life experiences. This enables us to better understand one another and our customers.

Personal Excellence

We strive to grow personally and professionally, and we approach each service opportunity with a positive, flexible attitude. Honesty and personal integrity guide all that we do.

Teamwork

The needs and expectations of any one customer are greater than that which one person's service efforts can satisfy. We support each other so that, together as a team, we can be successful in the eye of the customer as a quality service provider

1. Practice with a Questioning Attitude
2. Communicate Clearly
3. Know and Comply with Red Rules
4. Self-Check: Focus on Task
5. Support Each Other

Ask Me 3? (If a patient ask you the below questions would you know how to answer?)

- What is my main problem?
- What do I need to do?
- Why is it important for me to do this?
